

HYDRAULIC BREAKER

<http://tiny.cc/hydraulicbreaker>

FEATURES & BENEFITS

- Top quality sound isolated MultiOne breakers are quiet and powerful
- High power-to-weight ratio
- Compact dimensions

MOIL	CHISEL	BLUNT	ASPHALT CUTTER
STANDARD		OPTIONAL	

The narrow breaker profile enables the breaker to reach into places that other breakers can't.

With a minimum of seals and moving parts, the MultiOne hydraulic breaker provides unsurpassed durability and simplified maintenance. It is equipped with a vibration damping system that also attenuates noise emission. Multiple tools are available for example: moil point, chisel, blunt and asphalt cutter. MultiOne loader with breaker is a very efficient tool in demolition and refurbishing operations: do the demolition with Multione and breaker, take the debris away with Multione and bucket – very fast and effective.

Another benefit of this combination is its compact dimensions: you can go almost anywhere with this unit.
