

SIDE BOOM WITH FLAIL MOWER DZ2

<http://tiny.cc/sideflailmower>

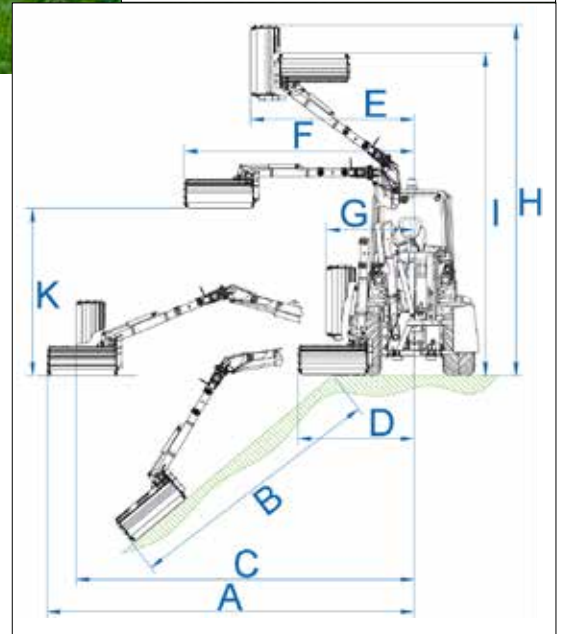

FEATURES & BENEFITS

- Excellent visibility of to the whole working area
- Compact with long reach capabilities

MultiOne's side flail mower lets you reach the cutting head into waterfronts, ditches, steep slopes, and other hard to reach areas safely. This mower uses a two-piece attachment system, using a sideways boom that can carry one of two mowing attachments. This lets you choose between a flail mower for tough brush or a traditional lawn mower for a better finish on shorter grass. The mower is equipped with proportional controls for smooth and exact movements of the boom and the flail mower. The DZ2 model is suitable for mounting on MultiOne machines, from series 6 to 10.

Note: the floating boom valve on machine is required.

| Dimensions (cm / in) | | | | | | | | | | |
